

## INCREASE YOUR VISIBILITY WITH LIGHTING

Power to operate our rental lighting is included in the listed price

SHOWTECH POWER & LIGHTING, in partnership with our suppliers, are developing greener solutions for our customers. We are excited to introduce our new green lighting options. These fixtures offer the same light output as our current products while reducing power consumption. As a responsible corporate citizen we will continue to work with our suppliers to develop green solutions. Please review our list of green products on the following pages.

### CEILING MOUNTED FIXTURES

#### SOURCE FOUR PAR (L575S4):

- clean, bright and efficient. This fixture is quickly becoming one of our most popular lighting options, requires less power and has the equivalent light output as a 1000 watt quartz floodlight - good for the environment
- mounted on the building ceiling beams (mounting height 18' – 34'), this light fixture is a superior product that delivers a smooth even field of light
- covers approximately a 10' by 15' area.

**NEW** - uses 40% less power. This light will replace the 1000 watt quartz floodlight.

#### 1000 WATT QUARTZ FLOODLIGHT (L1000):

- adjustable rectangular light beam makes this a good choice for general illumination or highlighting large areas
- mounted on the building ceiling beams (mounting height 18' – 34')
- covers approximately a 10' by 15' area.

#### 500 WATT QUARTZ FLOODLIGHT (L500C):

- adjustable angle light beam makes this an excellent choice for highlighting products
- mounted on the building ceiling beams (mounting height 15' – 20')
- covers approximately an 8' by 8' area.

\*\*Not available in all facilities, please check order form.

## HARD WALL / FASCIA BOOTHS ONLY

### 24 WATT LED BLACK ARM LIGHT FIXTURE (LLEDA):

- equivalent light output to a 200 watt quartz arm light
- is cooler than traditional lighting
- pure white light, ideal for highlighting clothing, jewelry, art and graphics
- attaches to a hard wall.

### Introduced in January 2011.

- Exhibitors say how pleased they are with the LED's performance.
- The 24 watt LED light fixture consumes 80% less power than traditional lighting.

### 200 WATT BLACK ARM LIGHT FIXTURE (L200B):

- attractive streamline fixture
- ideal for accenting small items, i.e. brochures, art work, clothing, etc.
- attaches to a hard wall.

### ARM LIGHT FIXTURE (L150A):

- comes complete with 120 watt floodlight
- ideal for direct lighting of your product or to highlight a focal point
- attaches to a hard wall.

\*\*Not available in all facilities, please check order form.

## SYSTEM & BOOTH LIGHTING (FASCIA OR HARD WALL REQUIRED)

### 3' TRACK COMPLETE WITH 3 – 24 WATT LED FIXTURES (LT3150):

- equivalent light output to a 450 quartz floodlight
- ideal for fascia lighting, clean and attractive lighting system
- pure white light, excellent way to accent any product
- attaches to a fascia or hard wall.

**NEW** - this fixture consumes 80% less power and is cooler than traditional lighting.

## FLOOR LIGHTING

### 2 – 24 WATT LED FIXTURES ON AN 8' TELESCOPIC STAND (L2150):

- equivalent light output to 400 watt halogen bulb
- lamps are mounted on a sturdy cross bar with a 140° in tilt
- for optimum lighting, fixture is placed in the front corner of booth
- pure white light, clean lines excellent way to highlight a focal point in your booth
- covers approximately an 8' x 8' area.

**NEW** - this product is energy efficient and delivers impact in a small space.

### 500 WATT QUARTZ FLOODLIGHT ON AN 8' TELESCOPIC STAND (L500):

- excellent for general illumination or highlighting products
- for optimum lighting affect, fixture is place in the front corner of booth
- covers approximately a 10' by 10' area.

\*\*Not available in all facilities, please check order form.

## THEATRICAL LIGHTING

### SOURCE FOUR LEKO 750 WATT (L750S4L):

- elevate your presence with this unique professional light fixture ideal for highlighting special items where shapes, textures and colours' are important
- features a shaped reflector when used in combination with one or more lenses, creates a hard edged beam of light with even light intensity; shutters can shape the beam of light
- logos or graphics can be projected using a gobo template
- gobos can be customized to suit your need, i.e. company logo's, pictures, graphics etc.

**This product is energy efficient and delivers dramatic lighting effects.**

This is an example of what our experienced team can help you create with our lighting options.

For more information please contact us at the number on the order form.

**Add some more flare to your exhibit space.** The SHOWTECH POWER & LIGHTING design team would be happy to design a custom package that incorporates LED lighting, intelligent lighting and theatrical lighting. Please contact your SHOWTECH representative to inquire.
